

Top Ten Report - May 2023

Reviewed and submitted the ROSE meet to the database. Maurine Kornfeld broke her 50 Free, 100 Back and 200 Back records again at the Rose Bowl SCY meet. A number of records were broken at the SCY Nationals meet in Irvine, but I don't have the full details on them as they were submitted by USMS staff.

I am still having problems with the development work on the USMS database. If anyone finds errors, please let me know. I will have the 2022 SCM rankings up next week.

Please everyone remember to submit split requests if there is the slightest possibility of setting a record or for Top 10. They must be done before the meet ends and cannot be submitted later.

As a reminder, all sanctioned USA Swimming meets are USMS Recognized and although FINA records cannot be set at these meets, times are good for Top 10 and USMS records. If you have a dual registered athlete setting T10 or USMS records at a USA Swimming meet, they must request the meet/times be added.
