

## **Top Ten Report - January 2024**

Final 2023 USMS LCM rankings are now available online. SPMS T10 All Time LCM will be published on the SPMS website in 1-2 weeks. Please everyone remember that USMS are/have been going through a big change in their database, so if something is missing please report it and we will work with National to get it fixed. There have been a lot of questions on team affiliations. Please be patient; this is a huge improvement (and effort) at the National level and it will get us away from having to hand track records on index cards, napkins, and volumes of notes to ourselves. Getting everything updated in the National database is a great step.

Have submitted SCM results from the LBG SCM Championships in December.  
Submitted SCY results from the USA Swimming Sectional meet in December.

There were two (2) SCY USMS records set at the USA Sectionals meet at Huntington Beach. Thanks to Chris Ottati (Pacific) for sending all the paperwork ready to go for Brandon.

SCY M 100-200 Breast 30-34 Brandon Fischer UC38

There were twenty-five (25) SCM USMS records set at the very successful SCM Championships hosted by the Long Beach Grunions. Many were also AQUA (formerly FINA) World Records; however I don't have the information on those yet as AQUA has not updated since September 2023. Many thanks to Steve Ingram and Kenny Brisbin on getting all the paperwork together for these.

SCM W 50 Breast 50-54 Trina Schaetz, NOVA

SCM M 50 & 100 Breast 50-54 Steve West, NOVA

SCM M 100 Free, 100 Back, 50 & 100 Fly 80-84 Richard Burns, Tamalpais

SCM M 400 IM 40-44 Markus Rogan, UCLA

SCM W 100 & 200 Free, 50-100-200 Back 70-74 Laura Val, Tamalpais

SCM W 200 Free 55-59 Ellen Reynolds, TRB

SCM W 800 & 1500 Free 70-74 Christie Ciraulo, WH2O

SCM M 50-100-200 Breast Brandon Fischer UC38

SCM W 50 Breast 70-74 Andra Jaunzeme, SDSM

SCM M 120+ 200 & 400 Medley Relay, WH2O (Gibson, Van Deventer, Cox,  
Nicholas)

SCM M 320+ 400 Medley Relay, Tamalpais (Reed, Andersen, Burns, Ralphs)

SCM M 200+ 200 Medley Relay, NOVA (Moore, West, Delgado, De Fabrique)

SCM X 240+ 400 Free Relay, CVMM (Biondi, Smith, Marshall, Cleavenger)

Please remember that if you have a swimmer with dual registration that you can only set USMS records at a USA Swimming meet unless you get a dual sanction or an observed status from USMS on the same meet. You cannot set an AQUA (formerly FINA) World record at a USA Swimming meet which is only sanctioned by USA Swimming.

Hosts, please remember that if you do not have a CTS printer hooked up, you will not get records submitted for a USMS/World Record. They do not accept printouts from inside Hy-tek as any decent admin or computer tech can change these times. Hook up your CTS printer!

Please everyone remember to submit split requests if there is the slightest possibility of setting a record or for Top 10. They must be done before the meet ends and cannot be submitted later.

As a reminder, all sanctioned USA Swimming meets are USMS Recognized and although FINA records cannot be set at these meets, times are good for Top 10 and USMS records. If you have a dual registered athlete setting T10 or USMS records at a USA Swimming meet, they must request the meet/times be added.

Paper meet information must be bundled and sent via trackable mail to the Top 10 recorder within 10 days.
